

# NEAT Containers

## Get and *STAY* organized, with Neat Containers!

Neat Containers are the only containers on the planet that allow you to slide units (aka pods) in and out without un-stacking or disturbing the others.

This single feature will make your life easier by saving your valuable time and will help you make better use of your existing space whether it be a small apartment, spacious walk-in closet or massive warehouse.

Plus our pods are clear so you can *SEE* what is inside!
